## AUTOMOTIVE

### LI-ION JUMP STARTER

#### FEATURES / FUNCTIONALITY

- Up to 25 jump-starts per charge
- Holds a charge for up to one year
- Ultra bright 200 lumen LED worklight with low, high and SOS modes
- Up to 5 smartphone recharges per charge
- SafeJump™ technology prevents sparking and protects against reverse polarity, reverse current, short circuits and overheating
- IP65 weatherproof construction for reliable jump-starting in the most demanding conditions

#### WORKS WITH:

Part Number	Li-ion Battery	Jump Starts	USB Output	EAN	Region	Warranty
DRLJS1100	43.8Wh - 1,100 Peak Amps	5 Litre Engines	5V / 2.4A	5055190184769	Worldwide	3 Years

- FMEA tested - DRLJS1100 safely passed a comprehensive failure mode effect analysis test regime specifically designed for this product by teams from Duracell and TUV Rhineland
- UL 1642 cell: Tested and certified to safely survive high temperature shorting, crushing, over-charging and more
- Unique ultra-stable NCM (LiNiMnCoO<sub>2</sub>) cell chemistry for unparalleled safety and reliability
- Meets or exceeds CE, UL, TUV and UN standards for safety and efficiency
- Heavy duty 8 AWG jump-starting cables ensure smoother operation and efficient power flow
- LED warning indicators highlight trouble situations; automatic shutdown/ re-set stops hazards before they occur
